### Full job description

#### Your new company

Hays have partnered with multiple industry leading plumbing companies around Melbourne. These industry leading contractors specialise in all the mechanical work involved with Plumbing. Our client's goal is to provide the highest quality plumbing and gas fitting work, as well as the best possible customer service. They believe in doing it right the first time and making sure that all their clients' issues, concerns, and expectations are met. Due to continual company growth, they are looking at adding talented mechanical plumbers to their team.

#### Your new role

Hays have partnered with a company that requires you to use your skills to help solve problems and gain satisfaction while successfully completing projects. This world class mechanical plumbing company specialises in duct work, heating and cooling while working in many different commercial projects. The increase in demand has seen Mechanical Plumbers become more desired than ever in the labour and trades industry with stable hours.

#### What you'll need to succeed

As an experienced and certified Mechanical Plumber, your qualifications are as important as your tools for the job. You'll be expected to supply the following items:

- VBA Registration
- Be a White Card Holder
- Have a valid Driver's License
- Being able to provide hand tools and basic power tools
- Being able to obtain a children and police check
- Being able to start with immediate effect

#### What you'll get in return

Join and grow within a successful company where you can utilise your skills/experience. Our client is willing to pay above the market rate for the right plumbers to join their team. They are proud of their quality products and look after their staff ensuring your hard work will not go unnoticed.
